Summary of the Discussion with representatives:

- **Cotton:** Continental breakfast will be introduced on Tuesday and Thursday, starting from 12/02/19.
- Very happy with the snacks produced by Vincent the Chef.
- **Summerfield:** All the pupils are happy with the food.
- **C2:** Fried eggs in Norwood Hall need to go under the grill a bit longer.
- **C3:** The pupils have requested cereals option in their kitchen - these just need to be ordered by the Dame.
- Banoffee Pie will be on the menu every Wednesday night. If any is leftover it will be served on the next day for lunch.
- Fish Pie remains on the menu, but will never be on a Friday Lunch.
- On the next pizza night, the Chef will put Chicken Caesar Salad as a healthy option, starting in two weeks.
- Samosas will be back on the salad bar soon.
- Salad selection is very popular.
- Chicken Katsu Curry very popular; the quantity needs to be increased, to have enough until the end of service.
- P6 in the evening don't always get the full choice at the end of service.
- Please reduce the hot chocolate measure – if the cup is too full pupils can't add cold milk.
- Curly fries will be back on next Wednesday (13/02/19).
- When peas and bacon are on the menu, the Chef will need to serve plain peas as well for the vegetarian option.
- Comment cards need to be constructive for the Catering department, to be able to move forward.
- Pupils were reminded that before coming to the Food Focus meeting, they should get feedback from others in their Houses.

The meeting was very constructive and worthwhile; thank you to all those who attended.
